

MEMORANDUM

To: Interested Parties

From: Charles Box, Chairman

Date: June 29, 2006

Re: Request for Comment, Illinois Energy Solutions

The Illinois Commerce Commission (“Commission”) launched the Illinois Energy Solutions forum on June 1, 2006, with a Special Open Meeting to discuss trends in energy fuel costs and electricity rates. During the next phase, the Commission will gather information on how to educate consumers about the changing electric market, how usage affects consumers’ bills and what strategies consumers can employ to manage usage. At this time, the Commission is requesting all interested parties to submit comments in response to a set of questions, which will be used as the basis for a future open meeting(s) in this forum. Interested parties should submit responses in Word format as an attachment to an email addressed to Michelle Mishoe at mmishoe@icc.illinois.gov by July 20, 2006. All responses will be posted to the Illinois Energy Solutions webpage found at <http://www.icc.illinois.gov/en/ecSolutions.aspx>.

Please be aware that some questions may involve issues in open Commission dockets. The Commission will serve all notices regarding the Illinois Energy Solutions forum to the service lists of those open dockets. The affected dockets are: 05-0597, 06-0070 – 06-0072 (Cons.), 06-0270, 06-0388, 06-0389, 06-0390, 06-0411 and 06-0448. Information gathered in this forum will not be considered part of the record in those dockets, nor will the Commission use information gathered in this forum as a basis for its decisions in these dockets.
